

MSU-IGH Global Health Observership

1. Hospitals: Teaching Hospitals in MI
 - 1.1. Sparrow Hospital
 - 1.2. McLaren Greater Lansing Hospital
2. Targets: foreign medical students as Internship
 - 2.1. 1 ~ 4 medical students (3rd or 4th year students based on a 6-year system)
 - 2.2. 2 ~ 4 healthcare professional students (2nd or 3rd year students)
3. Definition & Practice of Observership: a medical student from foreign countries will have a physician as the mentor during their rotation (8 hours/day, 8am - 5pm, Mon-Fri).
 - 1.1. The medical student should check in on time to their mentor's office during their rotation.
 - 1.2. The medical student can't touch nor speak with any patients.
 - 1.3. The medical student should stay behind of a physician.
 - 1.4. The medical student will see how the physician will treat any patients.
 - 1.5. The medical student should attend all lectures and other medical academic sessions held in and by Sparrow recommended by mentors.
 - 1.6. The medical student should follow all activities of the physician/mentor's team during the rotation.
 - 1.7. The medical student should have his/her own health insurance, properly from MSU.
 - 1.8. The medical student might stay MSU on-campus.
 - 1.9. The medical student needs to provide their own transportation means for their commute for their own rotation.
 - 1.10. The medical student should not enter by her/himself to any wards.
 - 1.11. The medical student should not be involved in any kind of patient procedures.
 - 1.12. The medical student can check a vital sign of patients under the supervision of his/her physician as their mentor.
 - 1.13. The medical student will have a meal ticket during their rotation.
